

Medical Coding Recharge Program

Career Step's Recharge program provides courses designed to refresh your skills in CPT, DRG, ICD-10-CM, and ICD-10-PCS coding. Staying current with industry standards will help you maintain an edge in your medical coding career and improve your skills so you can be a more efficient coder. The wide variety of subject matter offered will recharge your skills whether you've been a coder for 1 year or 10.

The courses offer CEUs for both AHIMA and AAPC and cover refresher education on the specific code set, training on key coding concepts, and important reference tools.

CPT Recharge

Grow More Confident with CPT Coding

The Career Step CPT Recharge courses will help you fine-tune your skills so you can more accurately link the procedures and services described in medical records to the best code. Choose one or more of our 13 available courses, or purchase the whole package for an even bigger boost!

Each online course is 90 minutes, and you'll receive access for 4 months. The courses are aligned with 2017 coding updates and provide CEUs through AHIMA and AAPC.
