

Medical Scribe

LEARNING OBJECTIVES

This program provides a comprehensive overview of the skills you need to be a successful medical scribe. We'll discuss basic medical procedures and walk you through medical terminology, anatomy and physiology, EHR navigation, HIPAA privacy laws, pharmacology, and scribing essentials. Everything you'll learn is tailored to prepare you to sit for the **Certified Electronic Health Records Specialist (CEHRS)** exam.

It's fully online and entirely self-paced—and built to have you job-ready in roughly 8 months.

Program Orientation: Medical Scribe

- Initiate Medical Scribe program.

Computer Fundamentals

- Help learners gain a solid foundation of digital technology knowledge and skills that can be applied in everyday life as well as in any career or profession.

Grammar and Punctuation with Medical Examples
