

Infection Control and Barrier Protection Proficiency

PROGRAM DETAILS

Increase Your Professional Value

When it comes to career training, you'll find a lot of posers out there. Con artists that'll try to impress you with fancy hyperbole. But through all the noise, the distinct sound of success can be heard. Your success. All it takes is a little push. A nudge in the right direction—and your whole life could change. New doors opened. New worlds discovered. New opportunities explored. With CareerStep, you'll learn skills that will help you get your foot in the door, upgrade your resume, and advance your career.

Refresh Your Knowledge

COVID-19 has changed the way we live—and these changes have ripple effects that will continue to permeate our lives long after we return to our "normal" routines. Which means infection prevention is key to our country's ongoing recovery. If you're looking for ways to brush up on your skills, refresh your knowledge, and flatten the curve, the Certificate of Infection Control and Barrier Protection Proficiency course is the perfect resource.

Learn Your Way (From Home)

With online training, you can absorb more knowledge and learn more skills—fast.

- Study on a schedule that fits your life
- Progress at a pace that matches your learning style
- Adjust the time and effort you devote to your coursework each day

Receive Coaching and Guidance

When you train with CareerStep, we back you every step of the way—from enrollment through course completion.

- Learner support
- Technical support
