

# Patient-Centered Medical Home (PCMH)

## COURSE DETAILS

### Expand Your Knowledge

When it comes to career training, you'll find a lot of posers out there. Con artists that'll try to impress you with big promises and fancy hyperbole. We won't

waste your time. Because our training speaks for itself. We've already helped hundreds of thousands of Learners take control of their career trajectory, and we don't plan on slowing down anytime soon. That's why this course was built to help healthcare professionals discover the benefits of a Patient-Centered Medical Home model of care — so they can keep pace in a competitive industry that has little room for the mediocre.

### Prepare for Career Growth

CareerStep's PCMH course is designed for practice managers, consultants, medical staff, and students in healthcare programs — and provides an in-depth overview of how a PCMH model works.

### Learn Your Way (From Home)

With online training, teams can absorb more knowledge and learn more skills—fast.

- Learners study on a schedule that fits their life
- Learners progress at a pace that matches their individual learning style
- Learners adjust the time and effort they devote to their coursework each day

### Receive Coaching and Guidance

When you train with CareerStep, we back you every step of the way—from sign-up through course completion.

- Learner support
- Technical support

### Accreditation

This course is fully accredited for continuing education, CE / CME and credential renewal for Physicians / PAs, Nurses / RNs / LPNs, CHCIOs, CAHIMs and CPHIMs managers.
